

**Exotic problem?
Crack it!**

What impact will you make?
careers.deloitte.com

Making an impact that matters.

Unser Anspruch ist, jeden Tag das zu tun, was wirklich zählt. Mit unserem breiten Leistungsspektrum – von Wirtschaftsprüfung, Risk Advisory über Tax & Legal bis Financial Advisory und Consulting – unterstützen wir Kunden auf einzigartige Weise. Wir setzen neue Maßstäbe, liefern innovative Denkansätze und ermöglichen nachhaltiges Wachstum. Wir fördern unsere hoch qualifizierten Mitarbeiter mit ihren verschiedenen Talenten, so dass sie mit uns mehr erreichen.

Deloitte Digital Ventures builds turnkey companies, creates digital products and services for our clients and facilitates open innovation and design thinking.

Intern (m/f) Digital Ventures (1146)

Location: Munich

What's your impact?

- Work with our venturing teams on building and launching digital businesses for major international clients
- Work with leadership and help coordinate the growth of our interdisciplinary consulting team
- Collaborate with web designers, software architects and developers to conceptualize and develop rapid prototypes
- Help construct client workshops on cutting edge methodologies and research for proprietary publications on digital thought leadership
- Conduct field market and consumer research

You should...

- Hold a degree from a top university
- Have working experience in e.g. consulting, startups or tech-/ engineering-driven environments
- Have a deep passion for entrepreneurship, innovation or strategy and have at least six months of proven working experience
- Have excellent skills in MS Office
- Be fluent in English, other languages (especially German) are a plus
- Think strategically and creatively while keeping a close eye on the details
- Embrace working in complex and ambiguous environments and take initiative

Why work at Deloitte Digital?

Be part of a kickass international team that brings together business, creativity and technology.

Get mentored by successful entrepreneurs who founded fast-growing companies, well-known in the startup ecosystem. Get a first-hand glimpse into the world of our web developers, software architects and designers.
